

02/08/08 - iPhone

Walking through the Apple store I again had a weak moment and purchased the iPhone... which is the best phone ever! ?

Of course the DAY after I buy it, they come out with the 16gb iPhone.

I returned my 8gb and upgraded to the 16gb!

Becky inherited my Treo and of course I have my work BlackBerry... kind of ridiculous hu? (Check out the cool charging station that Brenda got for me!)
